AUTO ACCIDENT

WOMAN STRUCK BY J. H. SMITH'S MACHINE DIES ON WAY TO HOSPITAL

Last night at 7:45 o'clock, Seymour Smith, son of J. Herbert Smith of Glendale, in company with Jamie Shea, Alvin F. Flanders, and William Butler was on his way to the Armory in Los Angeles, riding in a Ford Runabout belonging to Mr. Smith.

On Figueroa street, just south of Pico, while the young men were proceeding at about fifteen miles per hour and on the proper side of the street, an elderly woman whose name was Mrs. Raftery stepped suddenly in front of young Smith's car. The right front fender struck her and threw her to the pavement. She had evidently started to cross the street and did not see the approach of the machine. Neither did the young men see her, as all testified after the accident.

Police Sergeant A. G. Graham was standing near by and saw the woman start to cross the street in front of the machine. He saw her peril and tried to save her but failed to reach her in time.

When the woman was struck Seymour at once threw on the brakes and brought the machine to a standstill in less than a car's length. Mrs. Raftery was immediately loaded into the auto and with Sergeant Graham supporting her, Seymour drove rapidly to the California Hospital, but when they reached there she was dead.

Sergeant Graham then took Seymour to police headquarters and held him, as the law requires in such accidents. About ten o'clock Mr. and Mrs. Smith of 114 South Brand boulevard received a telephone message from their son telling of the accident and of his being held at police headquarters. Mr. Smith immediately got in touch with Attorney W. E. Evans, and with Wesley Bullis, his former neighbor in Tropico, and drove hurriedly to Los Angeles police headquarters where they found Seymour in charge of Sergeant Graham.

After the matter had been investigated and statements had been made to the authorities by Sergeant Graham, by Seymour and by Jamie Shea, Alvin Flanders and William Butler, Seymour was released on his own recognizance and came home.

Seymour and his parents are distressed over the accident but, according to Police Officer Graham, he was in no way to blame in the matter. He is a favorite with the young people of the city and is in all respects a fine young fellow, free from vices of any sort. He is an employe of the Buick Agency and a very careful driver. Sergeant Graham, who accompanied him to the California Hospital, declared that he never saw greater care and skill exercised in threading the crowded streets.

He and his companions all of whom have enlisted in Company A of the new National Guard of California, were on their way to drill at the Armory. Inspection is expected to take place Monday evening and if accepted the boys will probably be sent to a training camp in the near future.

An effort was made last night to learn the home and friends of the dead woman but the only facts which could be secured were her name and the information that she had been nursing a case in the neighborhood and was presumably on the way to her home when struck by the machine. Where that home was or who were her friends could not be ascertained. Mr. Smith is this morning making further efforts to get in touch with her friends that he may tender them his sympathy or assistance if needed.

GLENDALE GUARDSMEN

MEMBERS OF NEW NATIONAL GUARD TO BE INSPECTED MONDAY NIGHT

Glendale has contributed a number of men to Company A, the first company of the new California National Guard organized in Los Angeles and made up of men from that city and surrounding suburbs. Those enlisted from here are:

Stephen Veselich,
Jamie Shea,
W. L. Moore,
W. R. Butler,
Seymour Smith,
William Snell,
Ralph Wright,
Mr. Jones (W. Ninth St.)

Stephen Veselich and Jamie Shea are acting sergeants. The boys expect to be inspected next Monday night and if accepted to be sent to some training camp inside of the next two weeks.

MUNICIPAL GAS PLANT

CITY ATTORNEY FILES PETITION WITH STATE RAILROAD COMMISSION

A start has been made on the proposition for the city to acquire a municipal gas plant. City Attorney W. E. Evans on Friday filed with the State Railroad Commission a petition asking for the condemnation of the property of the Southern Counties Gas Company in this city, and the fixing of a price therefor, in accordance with instructions given him at a mass meeting of citizens held in the City Hall about six weeks ago.

It will be remembered that at that meeting the matter of taking over the Gas Company was thoroughly discussed, James E. Barker, the special engineer, made his report of the value of the existing system and its probable cost, and the Board of Trustees was unanimously requested to apply to the Railroad Commission for condemnation of the property to be used as a municipal system.

The delay in filing the petition has been caused by the fact that Mr. McBeth of the Gas Company has been in Washington City for the past few weeks.

Mr. Evans fears that action on the part of the Railroad Commission can not be secured under sixty or ninety days on account of its crowded calendar.

Should the Railroad Commission grant the petition and fix the price, inside of thirty days an election could be called for a bond issue to take over the plant at the price fixed by the Commission. In the event that such a bond election carried, there would be a further delay to allow time for the sale of the bonds, so if everything moves along promptly and satisfactorily it will be four to six months before the system can be acquired; but even so it will be in time to meet the needs of the next winter which are likely to be more crucial than they have been this winter.

ANNUAL MEETING

The annual meeting of the Pacific Press Publishing Association, one of the denominational printing plants of the Church of Seventh-day Adventists, at Mountain View, near San Jose, to be held next Monday, will be attended by Elder E. E. Andross, of this city, president of the Union Conference, who left here last Tuesday intending to stop en route at St. Helena and at Lodi. Elder B. E. Beddoe left Thursday night for the same destination, and Elders G. W. Reaser and J. O. Corliss will also attend. B. M. Emerson will leave for the north Sunday night. He is the Secretary-Treasurer of the Union Conference and its auditor. Part of his work is to audit the books of all the church institutions in this field, which covers four states. On this trip he will go to Mountain View and will also audit the books of the California Conference in Oakland, the Northern California Conference in Lodi, and the Central Conference in Fresno. James Howarth of Glendale, will accompany and assist him in the work.

HENDRICKS GETS MORE ROOM

Before clocks recorded the noonday hour Saturday, workmen had opened a big hole in the partition wall between the dry goods establishment of Hendricks' Broadway Store and the store room just west of it, which is to be thrown into the portion now occupied by Mr. Hendricks and thereby double the capacity of his store. The partition will be removed for a distance of twenty-five or more feet and there will be repair work and installation of lights to be made before he can take possession. He hopes however, to be doing business in his enlarged space between the first and fifth of February.

Mr. Hendricks has been fortunate enough to develop a large and increasing trade during the past year in spite of business conditions which have been hard on many lines. To take care of his customers it has been necessary to provide bigger quarters in which to house and display his increased stock.

J. E. Walker, the jeweler next to the Hendricks Store has also increased his space by renting the entire store next adjoining that of Mr. Hendricks. It has been equipped with attractive show windows calculated to display his stock to advantage; he is arranging his goods there and will be ready to welcome customers in a day or two.

Some one will get a bargain when the old Methodist Church property in Glendale is sold next Friday, February 1. The auction will take place at 2 p. m. according to conditions announced on page 4 of this issuue.

OFFICIALS SUSPECT ENEMY PLOT

THREE BIG SIMULTANEOUS FIRES IN EAST SUGGEST ENEMY ATTACK ON U. S. WAR PLANTS

(Special Service to Glendale Evening News)

WASHINGTON, January 26.—Following a mysterious letter received by President Wilson warning of a nation-wide plot to destroy docks and war plants, three big fires in different parts of the east did considerably over a million dollars damage.

Seven quartermasters' storehouses and municipal docks at Newark, N. J., were burned. A submarine boat corporation's plant was menaced.

The Westinghouse Electric company's plant at Buffalo was burned and the Cella, N. H., mills damaged. The Smith dry docks at Baltimore were destroyed at an estimated damage of $1,000,000.

The three fires broke out almost simultaneously and lead officials to strongly suspect a wide movement afield to concentrate enemy action on America's war plants.

FIRE IN BRITISH LINER

INCENDIARY FIRE IN BIG VESSEL AT ATLANTIC PORT BELIEVED DUE TO ENEMY PLOT

(Special Service to Glendale Evening News)

AN ATLANTIC PORT, January 26.—Fire broke out in the hold of a big British liner here. The flames were confined to the forward hold where the oil is stored. It is reported as under control. Spy plots are suspected.

FIGHT FOR MOONEY'S LIFE

PRESIDENT WILSON TAKES FIRST STEP TO SECURE NEW TRIAL FOR CONVICTED MURDERER

(Special Service to Glendale Evening News)

WASHINGTON, January 26.—President Wilson began a fight today to save the life of Thomas Mooney, convicted San Francisco Preparedness Parade bomb murderer. A commission headed by Secretary of Labor Wilson is probing the Mooney trial and there are reported to be indications that Mooney is the victim of a frame-up. The president has taken the first step to secure a retrial for Mooney. He will urge the governor and the people of California to grant a new trial if the Supreme Court refuses to grant an appeal.

DISEASE GERMS ON HOSPITAL DRESSINGS

FEDERAL AUTHORITIES INVESTIGATE THE FINDING OF TETANUS GERMS ON COTTON ROLL

(Special Service to Glendale Evening News)

SPRINGFIELD, January 26.—Tetanus germs on bits of American newspapers found in the center of a cotton roll prepared for use in France and received at local Red Cross headquarters. Federal authorities are investigating. Guinea pigs inoculated with the germs died within a week.

AUSTRIA AND RUSSIA IN SEPARATE PEACE

ARE READY TO ACCEPT PRESIDENT WILSON'S DEMOCRATIC PROGRAM, PETROGRAD DISPATCH SAYS

(Special Service to Glendale Evening News)

LONDON, January 26.—An Exchange telegraph dispatch from Petrograd dated Friday and received here today says Austria is ready to conclude a separate peace with Russia without Germany.

The dispatch declared Russia and Austria will accept President Wilson's democratic program except that paragraph relating to self determination by peoples.

POPE HOPEFUL OF PEACE

COUNT CZERNIN'S SPEECH BELIEVED IN VATICAN CIRCLES TO BE STEP TOWARD PEACE

(Special Service to Glendale Evening News)

ROME, January 26.—The Vatican considers Count Czernin's speech as a step toward peace. The points on which President Wilson and Count Czernin agree, pointed out by Czernin as a building basis on which a structure of peace might later be erected, is believed in Vatican circles to have been addressed to the German people. Czernin said, "Though we support you, there is a limit."

CLEMENCEAU SPEAKER FOR ALLIES

FRENCH PREMIER WILL LIKELY BE CHOSEN TO VOICE ALLIED WAR AIMS TO THE WORLD

(Special Service to Glendale Evening News)

LONDON, January 26.—Premier Clemenceau of France is likely to be the allied spokesman to respond to the outline of German-Austrian war aims. He will probably voice to the world the joint statement of allied peace terms. This is the very thing President Wilson has been contending for since Pope Benedict's peace letter.

RED CROSS FINANCES

BUSINESS MANAGE A. L. LAWSHE ISSUES GENERAL STATEMENT OF ACCOUNTS

A. L. Lawshe, Vice Chairman and Business Manager of the Glendale Red Cross Chapter, who has been reorganizing the book-keeping system of the accounts of the Chapter, states that everything is now up to date and every account is in the ledger so that any member who wishes to ascertain the status of his account can get the information without loss of time. A general statement has been prepared by Mr. Lawshe which includes the following statistics:

Total of Merchants' Drive for funds for Red Cross	$7407.50
Of this we have collected up to Friday evening, Jan. 25	2079.20
Leaving a balance uncollected	$5328.30

There were 424 pledges secured, as shown by the cards filed. The smallest pledge was 50 cents, the largest was $500. There were three of these $500 pledges, one $200 pledge, two $100 pledges, twenty-nine $50 pledges, three $30 pledges, thirteen $25 pledges, and the rest ranged from $25 to 50 cents.

Out of these subscriptions sixty-two have paid in full, one hundred and forty-three have paid nothing on their pledges to date. The rest are keeping up their monthly payments.

The organization has been behind with its clerical work and no effort has been made heretofore to make collections. Those who have requested on their cards that a collector be sent will be called upon by the collector within a few days. Others who desire to pay in this way can telephone headquarters, Gl. 1147, and a colector will call upon them. It will help to keep expenses down, however, if those who have signed pledges will call at headquarters, 340 South Brand, up stairs, and leave cheques.

GRADUATION EXERCISES

Thirty-nine pupils are to be graduated from the Intermediate School of this city next Friday evening, February 1st, and one from the Ungraded School. Of these about thirty-five will be enrolled in the High School and there continue their studies. Of the four who are not planning to go with their classmates, one has announced that he will attend a Los Angeles High School and two others that they will go to a commercial college. A very nice musical program has been arranged of which two numbers will be given by the Intermediate Orchestra, two by the Girls' Glee Club, the second with violin obligato, and a saxaphone solo by Agnes Brown. County Superintendent of Schools, Mark Keppel will make the address, and Mrs. Charles Toll will present the diplomas.

The following will receive diplomas:

HONOR BRIDE

LIBRARY STAFF ENTERTAINS IN HONOR OF MRS. WILLIAM N. PIERCE

At the home of Mr. and Mrs. John C. Danford, 914 West Fifth street, Mrs. Danford and her staff of the Glendale library entertained Thursday evening in honor of the marriage of Miss Esther Grist to William N. Pierce which occurred Saturday evening. Members of the staff able to be present early in the evening received the guests and were joined by those on duty later. A dainty pink and white color scheme was utilized in decorating for the affair. An interesting heart contest was enjoyed by the guests, the pretty hand-painted cards being the handiwork of Miss Laura E. Roberts. Miss Mabel Bailey was succesful in this contest of wits and won the prize.

Daintily decorated cards guided the guests to their places at the table where the bride's cake was served with other light refreshments. After all were seated Miss Leone Shattuck in behalf of the library staff presented the little bride with a beautiful bouquet of pure white and said its purity and fragrance suggested the relationship that exists among the members of the staff and the spirit of her co-workers. The hostess then presented the bride with a chest of handsome silver, also the gift of the staff, in words that revealed the love that exists between the "library mother" and her girls.

There was a note of sadness of course in the harmony of the evening because the groom was absent. He is a member of Battery D, 144th Field Artillery and is stationed at Camp Kearny. Every honor possible to pay an absent one by word or deed was shown him.

Both Mr. and Mrs. Pierce have hosts of loving friends who wish them joy and the safe return of the groom to his bride. Both have resided in Glendale for years and have won the esteem of all.

The invited guests were Mr. and Mrs. Charles Grist, Mrs. Charles D. Shattuck, Mrs. Isabel Jordan, Misses Elene Grist, Mabel Bailey, Laura E. Roberts, Marguerite Stauffacher, Leone M. Shattuck, Marion Carmichael, Hildred Swinburne and Messrs. Francis E. Dreyer, Bernard Gunion Courtney Wagner and George Griest.

JOHN FANSET SURPRISED

Friends of John Fanset gave him a delightful surprise at his home, 133 North Louise street, Thursday night in celebration of his birthday. He was equal to the occasion, however, and helped his guests to enjoy an exceedingly pleasant evening devoted to music and games. The refreshments provided were delicious and Mr. Fanset would not mind having two birthdays a year if he could get as much enjoyment out of them all as he had in this one. Little Mabel Collins, niece of Mr. Fanset, who is a pupil of the Pearl Keller School, entertained the company with a beautiful exhibition of fancy dancing. The guest list included: Mr. and Mrs. Bert P. Woodard and daughter, Mr. and Mrs. Collins and daughter Mabel, of Los Angeles, Mr. and Mrs. C. D. Thom, Miss Virginia and Master Livingston Thom, Miss Lilias McGibbon, and Mrs. Anne Fanset.

IN UNCLE SAM'S ARMY

BURT RICHARDSON FILES PAPERS FOR TRANSFER FROM FRENCH ARMY

Omar Burt Richardson of Glendale, arrived from San Francisco this morning where he passed the aviation examination and filed papers to transfer from the French army to the American forces.

He is now enlisted in naval aviation as instructor and inspector and he awaits his detailment to San Diego or Pensacola, Fla.

INFORMAL DANCE

Miss Mildred Whitaker was hostess at a pretty dancing party given at the home of her parents, Mr. and Mrs. George A. Whitaker, 315 North Maryland street, Friday night. A delightful evening was spent by the guests who were: Misses Mary Logan, Editha Atkinson, Louise Ferrin, Harriet Barnes, Mina Smith, Franc Kinch, Christine Ferris, Gladys Mason, Geneva Lang, Ruth Whitaker, Messrs. Manford Barnes, Russell Campbell, Harry Wilson, Smith Borncamp, Barrett Brown, Everett Bartlett, Emerson Padelford, Harold Russell, Scott Whitaker and Mesdames G. A. Whitaker, J. Ford and F. F. Whitaker.

Light refreshments were served after the informal dancing program and the fortunate guests reluctantly made their adieus.

RED CROSS NOTES

A most encouraging list of Glendale women enrolled Thursday and Friday for surgical dressings classes. The Thursday list included Mesdames C. E. Case, C. N. Erling, F. E. Burlew, O. Spencer, J. Hawkins, A. M. Dunn, Mary Blackburn, J. F. Lilly and John Paul.

Friday, five new names were added to the list of workers, viz. Mesdames Hearnshaw, S. C. Packer, C. E. Harlan, O. P. Snyder and McLaughlin White. The five ladies last mentioned cut up one hundred yards of gauze and completed about sixty dressings, which Mrs. Tuft declares is good work. More workers are needed in the Monday class, and there is still room for about thirty ladies at the tables on Friday. Any lady who cares to enroll can do so by telephoning headquarters, Gl. 1147, or if she will provide herself with a cover-all white apron and scissors and present herself at headquarters she will be put to work without loss of time. Head dresses can be obtained at headquarters.

According to the record kept by Mrs. George D. Carter, Chairman of the Knitting Section, 639 hanks of yarn had been given out by herself and her assistants to the knitters of the Chapter up to Friday night.

A brand new chest has been provided for the ambulance pillows turned out by the section of which Mrs. H. E. Betz is chairman. This will be a great convenience to Mrs. Betz who has been obliged to continually shift her stock from one place to another and handle it over.

BEHIND THE SCENES

The management of the Diando Film Corporation have changed their former rule about visitors and now all those who wish to see through the studio or be inducted through the mysteries of picture making are handled by the publicity department. Those who wish to see Baby Marie Osborne or the other actors at work, can by application to the publicity department be given permission and personally conducted through the studio and will be shown the points of interest and may often meet the little star personally, when it does not interfere with her work.

Several hundred have seen portions of the big feature "A Daughter of the West" in the making, and have been delighted with the courteous way in which they have been treated at the Diando, and incidentally have seen some wonderful acting and riding in this typically western play. The final scenes are being taken this week and the films will be on their way to New York some time next week where later they will be released through the Pathe exchange.

Work is to be started on the next Baby Marie play at once and the title of this is "Dolly Does Her Bit." It is a pretty five-reel feature, and has enough action to satisfy the most exacting. The plot is woven around a Red Cross bazaar, and the comedy and drama are interwoven in a way to make a most interesting picture.

THEY PAY

At the emporium of trade over which Frank Booth presides are nuggets in the shape of candies which are tempting, but the nuggets which make the stronger appeal and inspire respect are the fresh eggs from Mr. Booth's own poultry yard and from the poultry ranch in which he has an interest.

Mrs. Booth who shares with her husband the credit of successful egg production declares that their hens have yielded an excellent profit the season through in spite of the high cost of feed. She attributes their big egg yield first to the breed, White Leghorn, and second to feed and care. Her family flock is fed twice a day and its menu includes among other things, boiled potato peelings mixed with bran. She makes it a point to never give her fowls sloppy feeds. Also she keeps dry bran before them all the time, and water dripping constantly from a faucet so it is always fresh. Green feed is a part of the daily ration, usually lettuce, and she sees that they are well fed at night and go to roost with full crops. "If you starve hens," she declares, "you will not get eggs." Once a week she gives her chickens ground green bone and in their bran mash they occasionally get table scraps of meat and other delicacies which they appreciate.

HARBOR PROSPERITY

"Probably nowhere in the country, in proportion to population, has the war been a greater stimulus to business than at Los Angeles Harbor. Besides the training camps for both the army and navy, which has added over 3000 men to the population of San Pedro, to say nothing of the families of officers and others connecter with the service, the shipbuilding and canned fish industries have grown by leaps and bounds, due to the sudden increase in the demand for ships and food," states the Los Angeles Times.

"The result is that the facilities for housing men and families has not kept pace with the demand for accommodations. Men have actually walked the streets with plenty of money to pay for beds that were not to be found.

"Policemen on their nightly rounds have found men huddled up in all sorts of sheltered places who said they had been unable to find rooms. A tent city is being erected, the tents being brought down from Mountain Home resort.

"But rooms for single men working in the shipyards is not the hardest problem. The fish canneries, now that the strike of Japanese and Italian fishermen has been settled, need 500 more women and girls to pack fish, and there is no way to care for them except to build houses. The result is that the canning companies have been putting up a large number of houses on land leased from the city on Fish Harbor. Nearly a hundred four and five-room cottages have been erected, or are under construction there.

"Activity has stimulated business in nearly every line at the harbor. Storerooms are also hard to get and until there are more store rooms erected many new business men looking for locations must wait. The business district is in the fire limits and no frame structures can be erected.

"An indication of the prosperity at the harbor is shown by the increase in deposits of the San Pedro banks. In six months they have shown a gain of 40 per cent. Last May the aggregate deposits of the five banks were $2,186,359.34. The November calls for the same banks show aggregate deposits of $3,029,368.92."—California Review.

Grose Vulcanizing Company

1011 West Broadway, Glendale, Cal.

J. L. GROSE, Proprietor

Glendale, Cal., Jan. 26th, 1918.

Believing that every citizen of Glendale, no matter in what walk of life, can and should do his "bit" toward maintaining the fame of Glendale for civic attractiveness, I have carried this idea into my business.

You will realize this if you stop at the Grose Vulcanizing Company, 1011 West Broadway, Glendale, Cal., the next time you need gasoline, oil or supplies. You will find that you are patronizing the cleanest and most up-to-date supply house and filling station in Glendale—one that is a credit to the community in which it is located.

Furthermore, you will be served with the best gasoline on the market and the leading brands of lubricating oils. Concerning the gasoline I need only to say that it is Ventura, "California's Best"—the product that has become famous and popular as the result of the many remarkable mileage and speed records made with it. Thousands of autoists already are enthusiasts on Ventura gasoline. Just try it and you will be also, if you are not already.

My leading brand of lubricating oil also is "Ventura" Motor Oil, a paraffin base oil, equal in every way, if not superior, to the famous Pennsylvania oils, now rapidly disappearing from the market.

My establishment is fitted with special equipment for vulcanizing, re-treading cord and fabric tires and general tire repairing of any character. In addition, I carry in stock the best of high grade new tires at the lowest prices and also a large stock of re-built tires. All work done in my shop is fully guaranteed.

Assuring you that you will always receive prompt and painstaking service at Grose's, I am,

Very truly yours,

J. L. GROSE, Proprietor.

The big entertainment which the Pearl Keller School gave in Eagle Rock recently for the benefit of the Red Cross Chapter there yielded $60 for the cause.

Personals

Samuel Parker has just returned from Monrovia, where he had spent a week visiting his nephew Rev. Leslie G. Parker.

Mrs. Thomas Meagher of Tenth street, has been entertaining as her guest during the week, Mrs. T. Warwick and daughter Imogene from Victoria, British Columbia.

Rev. G. A. Snyder, 215 South Jackson street, in about a week is to begin a series of evangelistic meetings in Boyle Heights in a hall on the corner of Stephenson and Chicago streets.

Mr. and Mrs. William Harvey Jr., of Tropico avenue are entertaining Mrs. Harvey's nephew "Bud" Hancock, of Tucson, Arizona, who is enjoying a flying trip to Southern California.

A. E. Down, manager of the Pacific Garage, 116 S. San Fernando boulevard is announcing to auto owners that he is in business and "Sincerity Is Our Watchword" is the slogan of the firm. It is being mentioned by people of authority that the Pacific Garage is all right.

A series of Sunday concerts by the Glendale Sanitarium Orchestra which will be given on the porch or on the lawn and will be open to the public, are being planned by L. W. Sturdevant. They will be given every alternate Sunday and the first one will be given February 2d.

Mrs. Arthur Campbell will be hostess at the tea that will be given at Ginger Tavern, Monday afternoon under the auspices of the British Ambulance Society. She will be assisted by Mrs. Daniel Campbell and Mrs. Gerald Blue. The tea is from 3 to 5 o'clock and the public is cordially invited.

The dramatic department of the Pearl Keller School is enlarging the scope of its work. Mrs. Keller is now training two motion picture actresses, Jessie Burnett and Joyce Stedman of Los Angeles. She has arranged a vaudeville act for them and they are spending two mornings a week with her drilling for the part.

A large number of friends gathered to enjoy the evening and welcome the new members at the Glendale Presbyterian Church last evening. A most delightful program was given, games played and refreshments served. The A-E division of the membership had entire charge of the evening and everyone present enjoyed themselves thoroughly.

It is expected that there will be a considerable attendance on the Red Cross benefit ball to be given by Knights of Pythias of Southern California at Shrine Auditorium in Los Angeles February 12th. The sale of tickets is being pushed locally by Mrs. B. F. Cook, Most Excellent Chief of Pythian Sisters and by Arthur J. Van Wie, Keeper of Seals and Records for the Knights of Pythias.

Ernest Lloyd of Mountain View, and Elder O. Tait, editor of "The Signs of the Times," the weekly publication issued by the Seventh-day Adventists will take charge of the services in the church of Seventh-day Adventists on Carr street, Los Angeles, today. Mr. Tait's theme will relate to present day conditions. Week before last he spoke in Glendale. Mr. Lloyd will also speak at the meeting.

Mrs. Sophia Burlingham, formerly a resident of West Glendale but now living on Gardena avenue, is in a very critical condition. She suffered a paralytic stroke last Thursday morning and her recovery is considered very doubtful. It is her second stroke. Her daughter Mrs. Bernie Lewis has been caring for her and another daughter, Mrs. Neal, formerly of Alaska but now living near Norwalk, has come in response to summons.

John Marvel who several weeks ago, made a trip to the north to look the country over is again in Glendale.

A large cable being down in the street on Glendale avenue between Ninth street and Maple this forenoon was the occasion of lack of service through the Home Telephone Exchange.

Prof. W. D. Root of the Glendale Union High School served at a double debate held at the University of Southern California Friday evening. The question discussed was Conscription of Labor by the Government during the War. Mr. Wernette of Ninth street very kindly consented to take Prof. Root and seven of the boys over to the event in his seven-passenger auto. Those of the boys who attended the debate were Philip Wernette, Holland Durand, James McCluskey, Berna Martin, Frank Balthis, Leland Wise and John Hutton. The schools interested in the debate were University vs. Whittier High School and University vs. Compton High School. The university won against Whittier and Compton won against the University.

TOMMY DOES HIS BIT

Charles Bock of 1521 Vine street has a fresh story to tell of the efficiency of his cat, who has been in the limelight of publicity before and who has a great local reputation in the neighborhood of the Bock home. Mr. Bock reports that Friday his cat caught and killed at a single hole, four half-grown gophers. Every day this cherished feline does his bit in the "safety first" campaign for vegetables and fruit trees which are the prey of gophers, and Mr. Bock seriously objects to the movement to exterminate cats as useless parasites on society. Instead he thinks that his cat and others of like prowess should be made honorary members of the Glendale Society and the Council of Defense. The cat made quite a record last summer when he chased a big Collie dog for a block or more and camped on his trail until Mr. Bock went after the pet and brought him home.

SOME PEOPLE

know so little about insurance, or are so prejudiced, or both, that when the word Endowment is mentioned they won't listen to the argument in its favor because they think they "can beat the investment part of life insurance all to pieces." They forget that a Life policy is Endowment at 96 (absurd) and they don't know that "the Provident" sells Endowments at about life rates in most companies.

When an agent estimates that a life policy will mature at a certain age, if the dividends are left with the company to mature it, he is paying a high compliment to Endowments, isn't he?

Wouldn't you rather have a contract with the Provident GUARANTEED to mature at the same age with the use of the dividends each year to reduce the cost? Of course you would. Ask me for rates.

EXEMPTION BOARD DOINGS

Mr. Scarborough, attorney for the Appeal Boards and appointed by the government, is in Glendale today examining witnesses and taking testimony in cases in which appeals have been made to the Board or in which he wishes evidence in addition to that furnished by the Questionnaires. He was kept very busy conducting such examinations and his methods while perfectly courteous and gentle were searching and calculated to illuminate the whole case. Messrs. Lanterman and Muhleman were assisting him. A. S. McKay was also present for a short time.

At the headquarters across the street from the Exemption Board rooms physical examinations were progressing at a rapid rate this forenoon. Doctors Flint and Boyer of this city have been among those appointed to make these examinations.

COUNTY FARM BUREAU

There will be a meeting of the Los Angeles County Farm Bureau at the City Hall in Burbank Monday, January 28 at 7:30. Prof. J. Elliott Coit, farm adviser will be present and give a lecture. Prof. Coit is said to be very fine in his line of work. He received his early training at Cornell and from there went to the Agricultural college at Tucson. For several years he was connected with experimental work at Pomona and Whittier in connection with the citrus industry and was finally put at the head of the Citrus Culture department of the State University at Berkeley. He is well fitted for his new position of farm adviser. The county has placed four automobiles at his disposal.

The Mitchell, Richardson and Tower cars and perhaps others will leave Glendale Monday evening to attend the meeting.

The personally conducted party will leave Paris on that day for a trip through the Valley of the Touraine visiting the famous chateaux and cathedrals. The first cities visited will be Chartres, Orleans and Blois. Additions to the party will be cordially welcomed.

THE TRUE SABBATH

Friday evening Rev. S. W. Gamble of Long Beach, gave an excellent address at the Lutheran church to a large audience. His subject was the true Sabbath. He described ancient methods of Sabbath counting reaching back 600 years beyond the time God appeared on Sinai and revealed to the children of Israel the day that he gave at the start but which on account of neglect became lost to all the world. He showed that during that period various nations in their efforts to find the lost day made such interpretations as to change the Sabbath they observed from one day of the week to another thousands of times. He declared the original seventh day of Gen. II and Exodus XX was Sunday.

The difference, not merely of degree, but of kind, which is supposed to separate the English rector from the inferior order of curates is amusingly exemplified in the following:

Returning to his parish after his autumn holiday, a dignified country clergyman, noticing a woman at her cottage door, with a baby in her arms, asked: "Has that baby been baptized?"

"Well sir," replied the courtesying mother, "I shouldn't like to say as much as that, but your young man came and did what he could."—Chicago Herald.

MOTOR INDUSTRY EXPANSION

Announcement is made that the American automobile industry in 1918 will turn out $1,000,000,000 of war products, comprising truck, shells, airplane parts, motors, recoil mechanisms, artillery carriage, steel helmets, mine anchors, and other products used directly in prosecution of war. Born only twenty years ago, the growth of this industry, especially in the last five years, has been so phenomenal that today in the marshalling of America's resources in the world conflict, second only to the steel industry (in the expansion of which they have played an important part), the best equipped industry in the country to furnish war materials.—San Francisco Call.

At a point on the Northeasterly line of Broadway 141.31 feet Northwesterly from the Easterly boundary line of the City of Glendale, the grade shall be 609.90 and at a point on the Southwesterly line of Broadway 116.72 feet Northwesterly from the Easterly boundary line of the City of Glendale, the grade shall be 608.00.

At points where the Easterly boundary line of the City of Glendale is intersected respectively by the Northeasterly and Southwesterly line of Broadway and by the Northeasterly and Southwesterly lines of the Right of Way of the Glendale and Montrose Railway, the grade shall be respectively 604.24, 603.33, 603.10 and 602.10.

That between these points, the grade shall conform to straight lines joining those points on the same side of the street, excepting that the points of intersection of the grade lines on the North and South lines 542.45 feet East from the East line of Adams Street, 177 feet West from the West line of Olive Street, 40 feet and 1758 feet East from the Southeast corner and 495 feet and 1195 feet East from the Northeast corner of Verdugo Road and Broadway, and 40 feet West from the Northwest corner of Eagle Rock Road and Broadway shall be points of intersection of tangents of parabolic vertical curves which shall extend respectively 50 feet, 100 feet, 40 feet, 40 feet, 200 feet, 100 feet, and 40 feet East and West from said points of intersection and that said curves shall supplant the straight lines within said limits.

The grades given are in feet above the City Datum Plane, are established on the property lines of the street, and refer to the top of curb.

The profile of Broadway designated and marked "Profile No. 732," on file in the office of the City Engineer of the City of Glendale, which more particularly exhibits the grade herein described is hereby referred to and made a part hereof.

SECTION 2. The City Clerk shall certify to the passage of this ordinance, and shall cause the same to be published by two insertions in the Glendale Evening News, a daily newspaper of general circulation, published and circulated in said City of Glendale, and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 24 day of January, 1918.

J. S. THOMPSON,
President of the Board of Trustees of the City of Glendale.

SAVE THE HENS

Every pullet and young hen sold for food this winter means a reduction of from five to twelve dozen eggs in the potential egg supply of next spring and summer.

Hundreds of thousands of farmers who have not raised poultry will do so next spring and summer—responding to the demand for more chickens and eggs so that beef and pork will be released to help Win the War. They will need young hens.

The United States Department of Agriculture urges the saving of fowls of producing qualities so that they may be used for stock in the early spring.

HANDLING PERISHABLES

Extensive studies in the grading and handling of fruits and vegetables were made by the Bureau of Markets of the United States Department of Agriculture this season, and tentative practical grades have been worked out for apples, peaches, and strawberries, according to a recent report of progress from the bureau. The work has covered the principal producing sections of the East, South, and Middle West and also the more important markets. It has included grading, packing, packing-house construction and equipment and the effect of different methods of handling upon the physical condition of the fruit. The operation of sizing machines and other labor-saving devices also were studied to determine their efficiency and practicability.

PROGRESS IN DRY FARMING

Twenty-four field stations on the Great Plains are now contributing valuable information to dry-land farming problems. Five of these stations this year completed a continuous record of 10 or more years of farm experiments and 11 others had continuous records of five or more years. More than 4,000 permanent plants devoted to crop rotations and studies of cultural methods are now furnishing records every year. Records of such extent and continuity furnish better evidence concerning many fundamental agricultural problems than has ever before been available and enables the United States Department of Agriculture to advise with increasing assurance on the questions of adaptation of crops, the response of crops to cultural methods, and the agricultural value and possibilities of each section represented bythe stations.
